

Welcome

Welcome to the Writing Correction Service.

Firstly, I am sorry for there being so many rules below. A small number of people always fail to follow the simple steps and this causes huge delays to the service, so please take the time to follow the steps below. I really appreciate it.

Please read ALL the information below. Failure to read and follow the advice below will result in your feedback being delayed and/or rejected.

Below you will find all the questions you need to start practising. **You should attempt these questions only.**

How does the system work?

This document provides you with a list of questions you can submit and a helpful guide to make sure you submit them properly.

You must not email answers to me. If you email answers there will be a significant delay and your work will be rejected.

Instead of emailing me, the link below will bring you to an online form and you can submit your answer there. This ensures the speed and quality of this service is maintained. The first time, you will need to create a free account so please do this with the same email address you used to register for the course.

What do I do next?

1. Choose the questions you want to try below.
2. Go to the link provided below, create an account and submit your answer there.

I will then mark it and send it back to you, along with your feedback. You will receive your feedback within 36 hours of sending.

You must complete the course before submitting as you will need to know how to write an answer before you attempt one.

Good luck and I look forward to reading your essays soon. If you have any questions, please send me an email.

Christopher Pell

Please read the checklist below before sending.

Before Sending Checklist

Before submitting, please make sure you have followed the checklist below.

1. Make sure that the question is from the list below. Do not submit questions that are not from the list below.
2. The answer should be submitted using the online form in the link below.
3. You should only submit an answer for each task type once a week so that you have time to improve.
4. Task 1 answers need to be between 150 and 220 words long. Task 2 answers should be between 250 and 330 words long. Note that if you forget to put a space after a full stop, your computer will count the word before and after as one word but we will count it as two. For example, 'as two.For example' should be written 'as two. For example'.
5. You should only submit a new correction once you're sure you are avoiding the mistakes you've made previously. The feedback you get will make you aware of the things you need to improve and you should improve them before submitting your next answer for correction. If you don't understand your mistakes, you should contact us.
6. The questions on this list should only be used for writing answers that you will submit for correction. To replicate the experience of doing the test, don't look at any question until you're ready to write your answer because you need to generate ideas immediately and looking at the questions in advance will give you an unrealistic advantage and the scores we give you won't accurately reflect what you're capable of in the real test. If you don't intend submitting your answer to us, you can use questions from previous Weekly Lessons which you'll find by clicking [here](#) or in the 'Band 9 Essay Bank' which is located at the bottom of the writing course in the VIP Bonuses.

All of the suggestions above are to make sure you get the most benefit from the service provided and that you get your feedback on time.
